Freight Rate Hikes Set for Next Month

WASHINGTON, Dec. 6—(AP)—The Interstate Commerce Commission Friday authorized freight rate increases for railroad and water carriers totaling about $1,000,000,000 effective Jan. 1, 1947. The increases average about 17.6 percent. For the Eastern railroads the revenue increase will approximate 17.9 percent. In the decision the Commission also made permanent a 10 percent increase in passenger fares which was originally authorized in 1942.

The announcement said the increases authorized for line-haul services "are on a general basis of 20 percent for commodities other than those specially treated and 15 percent for the basic products of agriculture (except fruits and vegetables) and livestock."

State Ready To Start Hospital Program

WASHINGTON, Dec. 6—(AP)—Georgia is ready to go ahead with a hospital construction program as soon as Congress approves Federal aid funds, Dr. Guy G. Lunsford, Deputy Health Officer of the State, said Friday.

Dr. Lunsford, attending a meeting of Health Department officials here, said Georgia already has all the necessary laws to permit the State to share in a $75,000,000 annual Federal aid program. Each State would put up two dollars for every dollar allotted by the Federal Government. Georgia would receive about $3,000,000 yearly in Federal money under the act.

Duke Waives Hearing in Burke Charge

Asst. Atty. Gen. Daniel Duke waived a hearing on a charge of assault and battery on Pres. Emory Burke, of the Columbians, Inc., when arraigned yesterday before Judge Quincy O. Arnold, of the Civil Court of Fulton County.

He was bound over under a $50 bond, which he was permitted to sign himself, for trial in the Criminal Court of Fulton County. His attorney, A. Walton Nall, said he would ask for a trial as soon as possible, but Criminal Court attaches said the case could not go on the calendar until January.

It's Pearl Harbor Day; Vets Will March

Today is Dec. 7. It is Pearl Harbor Day. Atlanta will recognize its infamous memory with two attitudes.

Officially, the Army, Navy and the Marines will not celebrate the attack on Honolulu—to them it is a moment to be swiftly forgotten.

Others, deeming it a day to be forever remembered, will join veterans' organizations in East Point, College Park and Hapeville in a parade, inaugurating a series of annual observances.

Churches will have no formal ceremonies. Many will be open for prayer for those who wish to enter them.

Natural Gas Shortage Threatens

Atlanta industries and commercial establishments, already beginning to feel the pinch of the coal shortage, are now faced with a shortage of natural gas for heat.

Rock G. Taber, President of the Atlanta Gas Light Company, yesterday said deliveries of gas to commercial and industrial users in Georgia will be suspended or cut down, not because of the coal strike but because of an increased load on the Company's system. He said this increase—caused by cold weather, shortages of materials and manpower, industrial expansion and recent shifts from coal to gas—would mean all "interruptable loads" would be discontinued.

Other commercial and industrial services will be curtailed or temporarily suspended in favor of providing domestic customers with uninterrupted service during the cold Winter weather, Taber said.

Airport Capitalizes on Coincidence

Out at Atlanta's municipal airport they are saving coal in a big way, and yet steam is sizzling through the radiators in the Administration Building.

The furnace in the Administration Building now is being fired with wood exclusively, port officials have announced.

"It is wood cut from the outer edges of the field," Jack Grey, port manager, said. "Soon, where those trees were, airplanes will be landing and taking off, for the trees are being cut in the airport enlargement program."

Dimout Slated for Wednesday

The dimout will begin in Atlanta at 6 p. m. Wednesday, unless there is a radical change in the coal strike, Jackson P. Dick, Vice President and Division Manager of the Georgia Power Company, has announced.

Dick last night said he had just received the dimout order from Washington, and though the Power Company has announced they have enough coal to last several months, they will comply with the order and conserve fuel.

GI Farm Loans Hard To Get, Official Says

COLUMBUS, Dec. 6—(AP)—T. C. Owensby, veterans' agricultural training officer for the Columbus district, says veterans are finding it difficult to obtain farm loans under the GI Bill of Rights because "bankers say that the money lent to a veteran is tied up for too long a time at too low an interest rate."

Under the GI Bill, Government-guaranteed farm realty loans may extend for 40 years at a four percent interest rate. Veterans' Administration officials say, however, that they encourage repayment of the loans in 20 years.

Columbus banks said no farm loans had been granted here, but added that only a few applications had been received. They said statements that loans were "impossible" to obtain were "unwarranted."

NATION SPENDS $520,000,000 FOR CANDY, AT WHOLESALE PRICE IN TEN MONTHS

WASHINGTON, Dec. 6—(AP)—The nation spent $520,000,000 for candy—on a wholesale price basis—to satisfy its sweet tooth during the first 10 months of this year.

The Commerce Department reported the figure Friday as the total of candy manufacturers' sales. No estimate of the final cost—at the candy counters—was available.

But on the basis of the factory price, the outlay added up to more than $3.70 average for each man, woman and child.

Lewis Case Sped To Supreme Court; Coal Pushes Idle Rolls To 850,000

Decision on Strike Next Week Is Goal

WASHINGTON, Dec. 6—(UP)—The Government carried its legal fight against John L. Lewis to the Supreme Court Friday as the 16-day-old strike of his coal miners knocked out huge segments of American industry and left 850,000 workers idle.

The Court was asked to review the recent conviction of Lewis and his United Mine Workers (AFL) for contempt of court. Indications are that a final decision either vindicating Lewis or forcing him to call off his strike may be reached next week.

The walkout and the railroad freight embargo have already brought U. S. Steel Corporation, the world's largest steelmaker, to a virtual standstill and it is believed that at least 1,000,000 workers will be idled by Monday.

Affected by the shutdown are workers in almost all branches of industry — automobiles, electrical equipment, aviation and furniture manufacture.

With fuel shortages slowly throttling the nation's industrial life, the Justice Department moved to cut away the legal red tape surrounding the deadlocked coal dispute and get a quick and final ruling from the high court.

It asked and obtained permission from Chief Justice D. Lawrence Groner of the U. S. Circuit Court of Appeals to by-pass that court and go directly to the Supreme Court.

A petition formally asking the high bench to review the case was filed immediately with the Supreme Court and it was expected that it would be granted without delay.

The Supreme Court justices hold a regular weekly conference Saturday and it is presumed they will arrange procedure for handling the mine case at that time.

In that event, observers thought it probable that the union and Government lawyers would be able to start presenting oral arguments by the early part of the week.

There was no immediate reaction from the UMW, which under normal procedure could take 20 days to bring its appeal to the high bench. It was expected, however, that the union would go along with the Government in seeking a quick decision, inasmuch as Lewis and his attorneys repeatedly have said that they want the constitutionality of their convictions tested at once.

Federal District Judge T. Alan Goldsborough convicted Lewis and his union of contempt on Tuesday for refusing to call off the mine strike, and the following day he fined Lewis $10,000 and the union $3,500,000. The UMW and Lewis posted bonds Friday in the full amount of both fines, pending outcome of the appeal.

The fast-moving legal maneuvers pushed into the background a series of tentative peace feelers put out by AFL Pres. William Green and, reportedly, by Lewis himself during the past 48 hours.

But there appeared little prospect that either side would back down or try to work out any compromise while the Supreme Court is deliberating the issues.

Lewis contends his conviction was illegal beacuse the court order he defied was a violation of the Norris-LaGuardia anti-injunction act. The Government argues that it is above the operations of that law and that a strike against a Federal-operated industry can be banned by the courts.

Government spokesmen made it clear they will keep slugging at Lewis until he yields or the Supreme Court rules against them, and they began tightening up fuel conservation measures to keep the country's industries operating on a skeletonized basis for the duration of the strike.

Atty. Gen. Tom C. Clark took over the Government's Supreme Court battle, and his petition asked for "prompt" action because of the public interest involved.

Yugoslavs Vote State Economy

BELGRADE, Dec. 6—(AP)—Yugoslavia, whose governmental structure closely follows that of the Soviet Union, has placed its economy under strict State management with swift passage of a law nationalizing immediately all private economic enterprises, public utilities and industries.

Marshal Tito gave orders that the bill, passed unanimously Thursday by both Houses of the National Assembly, be given top priority. Parliamentary sources said presentation of the measure came as a surprise and that only top men in the Parliament knew it was to be a matter of business on that day.

Federal Council Chairman Vladimir Simic offered the bill with the admonition for swift action from Tito, who is Chairman of the Assembly and head of State. The bill was introduced in the morning and passed in the afternoon. All compensation to private owners will be estimated from that date.

The law names 42 branches of the Yugoslav economy to be nationalized. They include all land, sea and air communications and transportation, mining and metallurgy, all industries processing natural products, food and beverages.

Compensation to the owners in the form of State bonds will amount to the net assets of the property. The Federal Government and the individual Republics of Yugoslavia will set up funds for the purpose of redeeming the bonds. However, in some cases cash compensation will be made.

The bill declares that the Government will not pay obligations built up out of business with the enemy during the war.

No new private enterprise within the categories of the law may be started without Government permission.

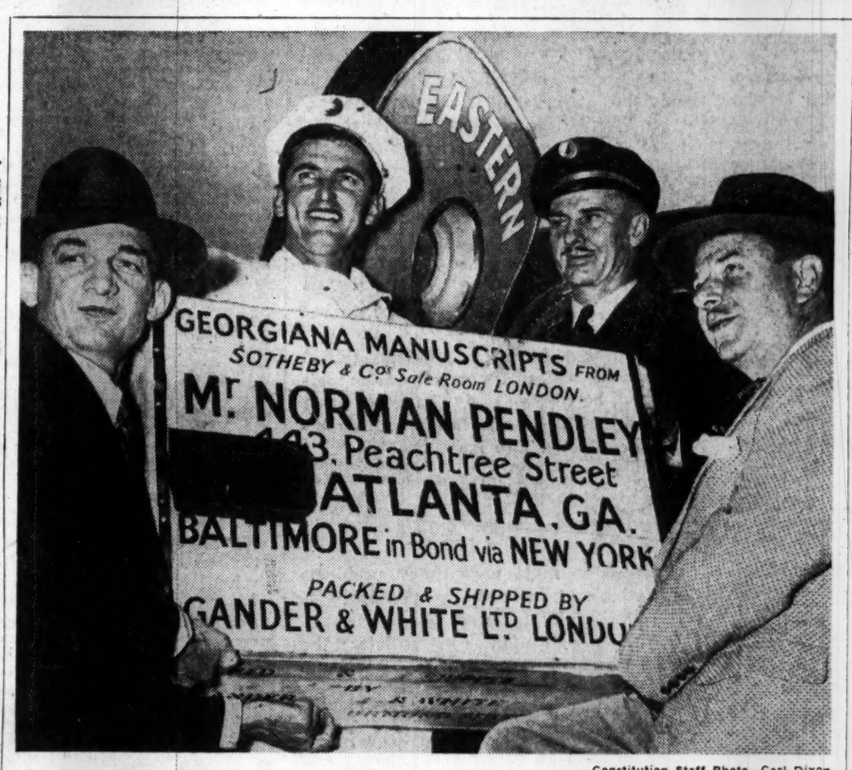

Various governmental ministries will take over temporarily from the private property owners the management of the nationalized enterprises until other directorates for management are created.

The only expression approaching dissension in passage of the bill came from Dr. Dragolyub Yovanovic, recently expelled from the Peasant Party, who argued that the people ought to have a chance to express their opinion.

(No mention of the nationalization of land and private houses, as in Russia, was made in this dispatch).

The Yugoslav constitution, adopted last January, set forth certain economic principles such as approving the breaking up of large estates for distribution into small land holdings and placed foreign trade under State control, but its proponents declared that it did not go as far as Russia in setting up a socialized state.

DETROIT, Dec. 6—(AP)—The Ford Motor Company, which laid off 20,000 production workers Thursday night because of the soft coal strike and railroad embargo, Friday delayed "at least temporarily" plans to release an additional 20,000 workers Friday night. Company spokesmen said plant working schedules had been rearranged.

CASELOAD OF HISTORY—This wooden box full of revealing papers on Georgia's early history—$16,600 worth of 'em—arrived at the airport yesterday on the way from England to the University of Georgia library. L. R. Siebert, left, and Norman Pendley, right, are shown taking over the valuable papers from R. T. Grogan, second from left, and H. W. Tofflemire, of Eastern Air Lines. The papers were bought recently.

Georgia Colonial History Arrives From England by Air in White Box

Georgia's early history arrived in Atlanta yesterday in a white box, weighing 129 pounds.

The box contained the controversial "Georgiana" manuscripts, which were purchased last month by Norman Pendley from the estate of the late Sir Thomas Phillips for 4,100 English pounds.

Later bought from Pendley by the Board of Regents for the University of Georgia, the papers are believed to contain information covering every phase in the development of Georgia as a colony, including the building of towns and cities.

First uncovered by executors of Sir Thomas' estate, the Georgiana collection contains a complete list of the first settlers who accompanied Oglethorpe to Georgia.

Up to the time of the discovery, the only known account book of the founding of Georgia was the Earl of Egmont's minutes of the meeting of the trustees for the granting of the Georgia colony charter.

The University of Georgia expects to obtain from the collection information of the settlers of Georgia hitherto obscure or unknown in Georgia.

The State of Georgia, originally interested in buying the collection, was unable to bid for it after Secretary of State Ben Fortson ruled that State funds for the expenditure could not be legally used.

It was at this point that Pendley stepped into the picture and, through a London agent, bought the books for the equivalent of $16,000.

Pendley, along with L. R. Seibert, Executive Secretary of the Board of Regents, and Floyd Moon, of the University of Georgia Staff, met the box as it arrived at the Municipal Airport from London, but the men were unable to claim the box as it had yet to be cleared by the customs officials.

Customs officials expect to clear the manuscripts this morning.

Ike To Take Vacation At Doctors' Insistence

WASHINGTON, Dec. 6—(AP)—At the insistence of Army physicians that he take a rest, Gen. Eisenhower will start Saturday on his first extended leave in more than a decade.

For a month he will be technically a patient at the Pratt General Hospital at Miami, Fla., where he will take treatments for bursitis, a painful inflammation in his left shoulder.

He expects, however, to take advantage of opportunities for golf, fishing and other outdoor activities, aides said.

At 56, the War Department Chief of Staff was described as being in the best health he has enjoyed for years, aside from the recurrent shoulder pain from which he suffered before he became Supreme Allied Commander in Europe.

Except for a week's fishing with his brothers last Summer in the West and an earlier two-day visit to Sea Island, Ga., Eisenhower has had no leave since he went to the Philippines in 1935 with Gen. McArthur as assistant military advisor to the Philippine Commonwealth.

Maj. Gen. Floyd L. Parks, War Department Chief of Public Relations, said the Florida trip had been planned since last Summer. Making the trip by train, Gen. Eisenhower will be accompanied by Mrs. Eisenhower.

In his absence Gen. Thomas T. Handy, Deputy Chief of Staff, will direct military affairs of the War Department.

Atlanta Firm Awarded Vet Hospital Contract

WASHINGTON, D. C., Dec. 6—(AP)—The Army Engineers announced Friday award of an architect-engineer contract for a 250-bed veterans' hospital at Americus to Burge and Stevens, Atlanta.

ATLANTA-AUGUSTA TRAIN THWARTED

For one of the few times since the line was constructed nearly a century ago, the Georgia Railroad day train running between Atlanta and Augusta will be discontinued for the duration of the coal strike.

Road officials announced the suspension will begin Monday as they co-operate in the conservation of coal.

STEVENS HOTEL LEFT STRANGELY QUIET AS 4-H DELEGATES RETURN TO HOMES

By ANN WOOD.
Constitution Staff Writer.

CHICAGO, Dec. 6—The Stevens Hotel's favorite convention crowd is gone, leaving the corridors and lobbies of the world's largest hotel strangely quiet.

The National 4-H Congress, which brought 1,330 rural teenagers to Chicago, has broken up and the youngsters are on the way home.

"We're used to having these kids, and we love it," said T. Burke, Assistant Manager of the Stephens, "they're much better behaved than an adult convention."

Georgia 4-H boys and girls will arrive in Atlanta Saturday and scatter from there to their farms and villages—with many a tale to tell of the wonders they have seen and heard.

TVA Aids North, East In Crisis

KNOXVILLE, Tenn., Dec. 6—(AP)—The Tennessee Valley Authority announced Friday it was supplying 35,000,000 kilowatt hours of electricity per week to Northern and Eastern utilities which depend upon coal-burning plants for energy production.

"This energy, which represents over 11 percent of the energy generated by TVA, is being generated in TVA steam plants and is being delivered to help maintain utility coal reserves in such States as Kentucky, Ohio, West Virginia and Virginia," the Authority said.

The government power agency added it was now supplying the power needs of its own service area from its hydro-electric resources.

The TVA said one transmission interconnection with Northern utilities involved a high capacity power line extending from Nashville, Tenn., to Louisville, Ky., where it connects with power systems in Kentucky, Indiana and Ohio.

Another line, the TVA said, extends from Norris Dam to Pineville, Ky., where it connects with systems in Kentucky and West Virginia. At Waterville, N. C., the Authority's power network is interconnected with systems in that State over which energy can be transferred to Virginia.

The TVA said it had on hand about 285,000 tons of coal at its steam plants and was using about 20,000 tons a week to generate the additional power.

Pleasant Weather Seen For Weekend Jaunts

It's almost time to hunt Christmas trees, and the weatherman forecasts pleasant weather for all Atlantans who take off for the country this weekend. Today is slated for clear skies, clouding over somewhat for tomorrow.

High and low temperatures for today are predicted at 69 and 44 degrees, and tomorrow's high, 70 degrees.

Trumans Fete Reporters

WASHINGTON, Dec. 6—(AP)—President and Mrs. Truman entertained the press and radio correspondents and their wives Friday night at one of the largest White House receptions ever held. Some 2,500 persons were invited to shake hands with the President and First Lady in the Blue Room and partake of light refreshments in the State dining room. There was dancing afterwards.

Skimp and Share Coal, U. S. Orders As Dwindling Stocks Force Dimout

WASHINGTON, Dec. 6—(AP)—The Government slapped a new curb on utility coal stocks Friday and moved toward a Monday order for an almost nation-wide electricity dimout.

The Solid Fuels Administration set up an allocation system under which any utility's excess over a 60-day coal supply shall go, in order, to:

1. Another public utility with less than 30-day reserves, (2) a railroad with less than a 10-day stock, and (3) other essential users certified by State or local officials, including homeowners.

The Government, with the country's comparatively tiny hoard of coal dwindling fast, laid plans to extend the present 21-State dimout to all areas served by utilities which now use coal or are inter-connected with coal-consuming systems.

Power saved by the dimout in areas served by hydro-electric plants will be channeled, where possible, to ease the shortages in coal-burning sections.

This word came from Edward Falck, chief of the office of emergency controls in the Civilian Production Administration, who said nothing but a coal strike settlement or a truce would stop the order.

Falck disclosed the plans as:

1. The Solid Fuels Administration reported it had now only 2,244,650 tons of the 3,025,200 tons it seized Nov. 26 for doling out to most vital needs and to domestic consumers with less than 10 days' supply.

2. The National Coal Association estimated last week's soft coal production at 2,000,000 tons, as compared with 12,640,000 tons in the last full week before the strike.

The restrictions slated for Monday would mean that almost everywhere—Texas and California were listed as two big exceptions—there would be orders against:

Store window lighting and all outdoor electrical display. In addition, street lighting will be curtailed.

Exceptions would be those points served by utilities which do not use coal for fuel and are not connected with systems which do.

The orders also contemplate a further measure for sharing power or fuel as well as possible.

When a utility's coal stocks drop to a 25-day supply (many are at that point or near it), the company must notify the CPA.

CPA in turn will try to channel more power or coal to the utility, but at any time after the notification is given still tighter regulations may be decreed.

These would forbid floodlights for amusements or sports contests, stores would have to cut their indoor lighting by half, elevator service would be halved and there would be a 40 percent reduction in the use of non-essential business and industrial machines.

All Labor Stands To Lose

However much their leaders may profess to support John L. Lewis' position in the mine strike, laboring men the Nation over must look with apprehension at the public animosity which the UMW chieftain is building.

The storm clouds are gathering both on the national and local levels. And when the blow comes, while it will be aimed primarily at John L. Lewis, it will prove equally restrictive on all labor groups.

Already there is talk, here in Georgia, of reviving the anti-closed shop legislation which was dropped in 1943 only as the result of Gov. Arnall's persuasiveness. Other States are contemplating similar action to curb the power of labor and to make union leaders responsible for their actions.

Congressional circles likewise are being subjected to public pressure for new national labor legislation.

Among the latest concrete proposals are those of Sen. Alexander Wiley, of Wisconsin. He suggests a 10-point program which would include:

1. Compulsory arbitration of labor disputes in public utility and other key industries.

2. Outlawing of jurisdictional strikes.

3. Making unions liable for breach of contract.

4. Making unions liable under anti-trust laws.

5. Outlawing the closed shop.

6. Prevention of union expenditures for political purposes.

7. Requiring unions to report their finances.

8. Suspension of NLRB privileges when employes strike against the Government.

9. Prohibition of secondary boycotts, mass picketing and other undesirable strike tactics.

10. According employers right to discuss organization with employes.

Sen. Wiley declares that his program is aimed at curbing labor racketeers. But it would obviously be a tremendous setback to the most reputable and ethical of unions.

Still, his proposals undoubtedly reflect the current will of the people on the matter and, barring an early change of heart on the part of John L. Lewis, will doubtless be enacted into law.

Georgia's State Youth Assembly

Currently under way at the State Capitol is the second annual Georgia Youth Assembly.

To it have come 300 boys and girls from all over the State, selected by their various communities on the basis of leadership and scholastic attainment. They are representing their counties and senatorial districts in a junior general assembly just as do elected solons in the regular State Legislature. Bills have been prepared to meet present-day problems and the entire legislative procedure is being faithfully followed.

The Constitution congratulates the YMCA and other sponsors of the activity. It will not only serve to familiarize Georgia youth with the operations of the State's law-making machinery, but also may provide an example of honesty and idealism which too frequently is absent from the legislative halls of their elders.

Plan for a City of a Million

Often we have had occasion to commend some civic action by A. L. Zachry and to be glad of some honor that has come his way.

Now we are happy that he has been chosen to head the Chamber of Commerce, the chief duty of which is to co-ordinate all efforts to make Atlanta a better and more progressive city.

We applaud, without stint, his declaration that we must plan now for a city of 1,000,000 persons and get out of the "Peachtree-Whitehall rut of thinking." Atlanta must expand and plan.

We think, in this connection, that in thinking of expansion and savings we should not go off on some wild goose chase in combining governments. Let us begin with the school systems, proceed to the Sanitary Department, police and taxation officers. There is no real quarrel between our two governments, or need not be. Let us go ahead with plans to expand Atlanta and to combine, a step at a time, the duplicated services.

The Constitution joins with all others interested in our future in pledging the Chamber—and its new President—our full support.

Their Weapon

Editor Constitution: If you had a terrible headache you would take some aspirin or other sedative, wouldn't you? You would realize, of course, that aspirin would not remove the cause of your headache but it would be better than butting your head against a brick wall.

That is what, it seems to me, we are doing about our national headache, the recurring coal miners' strikes.

All of the vindictive editorials, cartoons, injunctions and Government orders are just so much head butting against stone walls.

Mr. Truman could not force the meat industry to operate on his terms. In order to get meat he had to let them charge what they wanted to charge and that was about 100 percent above the ceiling price.

If another person has something you need you have to pay his price or you don't get it. That holds true whether it is property or his service—and a coal miner is no different, in that respect, from anyone else.

When John L. Lewis signed his contract with the Government that ended the last coal strike, it was with the assurance that price controls on food and other necessities would be kept. When they were abolished it amounted to a wage cut for all wage earners.

Just a few days ago the building trades people were given a substantial wage increase. Electricians and steamfitters were raised to $2 per hour, carpenters a few cents less. Since coal is so vital to our economy I think a coal miner is worth as much as any other worker. And compared with what other organized labor receives, $75 for a 40-hour week is no high salary for digging coal.

The miners know from past experience that the only way they can get justice is by using the only weapon they have, hence the strike. HENRY E. DOLAN.

Woodward

Editor Constitution: I am writing to congratulate you and express my admiration of you for Celestine Sibley's article regarding Floyd Woodward.

I am delighted to receive that picture of Floyd in his home town and to learn of the estimation of his townsmen. I am not surprised at the esteem in which he is held there, but it is gratifying to me to have my own opinion so aptly and ably verified.

For more than 20 years I have been in prison work handling thousands of prisoners. For 18 months Floyd Woodward was directly under my supervision and observation in his work here in the prison library. In all of my experience I have never seen or known of a more model prisoner. I saw him take hold of the library here when it was nothing but a jumble of old, torn, and obsolete books and build it into a well, if small, ordered library with many new books and all of the old books worthy of reading repaired and put into circulation. That has required much hard work, thought, and interest on his part. Not only has he obtained, repaired and put into circulation these books, but he has succeeded in obtaining subscriptions for most of the leading magazines for the benefit of his fellow inmates.

In creating this library for the benefit of others I happen to know that when funds were not available to him from the recreational funds of the prison, he has dug down in his own pocket and spent many dollars to get for the prisoners' pleasure and profit things that he thought they would like and should have. He has been kind, considerate, and helpful to all with whom he has come into contact.

It is my sincere belief that every official and every officer of this prison will be happy when the day arrives when he will be released and he can go home to his faithful wife and child and live the rest of his life in peace and comfort. More power to you in your efforts to portray him as we know him to be, and I hope that the day is near when I can bid him good-by.

This letter is unsolicited and written without Woodward's knowledge.

Supervisor of Livestock,

Wheels of Hate

Editor Constitution: I have read with interest Harold Martin's article in The Constitution Nov. 21, 1946, under the heading, "If You Believe Say You Believe." This is, indeed, a great problem in our America today. Mr. Martin was right in spite of the intelligent, the well dressed, and well-mannered Negro boys and girls, the odds are against them. I can't quite fathom our democratic way of life.

Doubtless every member of that glee club that Mr. Martin heard sing "Zekiel's Wheel" knows that the odds are against him even now at such tender age. They know that every door of opportunity is closed in their faces. Many of them will go down in despair and, on the other hand, many of them, like their parents who bore their burdens in the heat of the day, and who sang those old songs in their own broken language with a feeling that came out of agony, torture and suffering and with a tune no one else could duplicate.

These will go on singing "Zekiel's Wheel" in spite of the wheels of hate, prejudice and greed and intolerance. They know that the big wheel which runs by faith and the little wheel which runs by the grace of God will win the battle some day. Thanks, Mr. Martin, for such fine article.

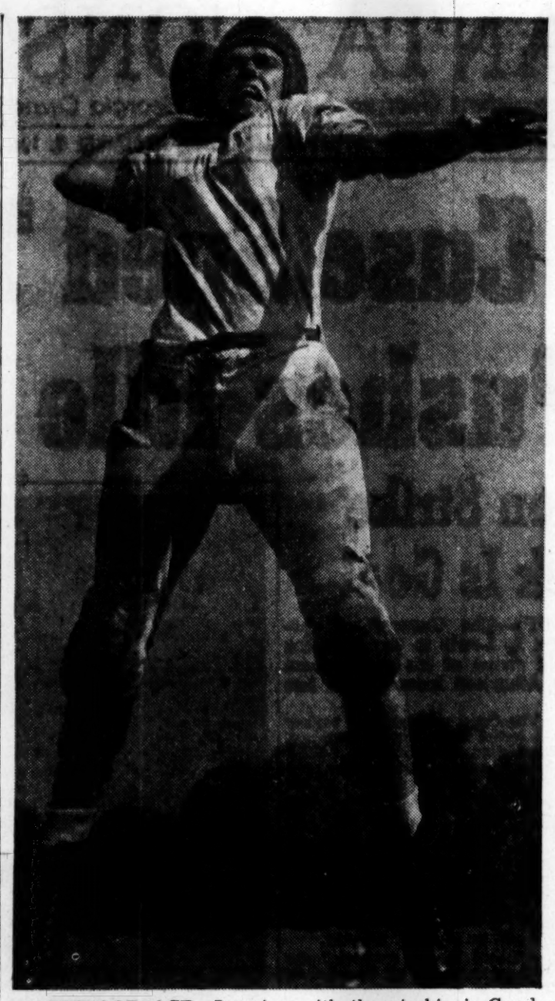

JOHN HENRY EDWARDS.

Pounds Enough

Editor Constitution: In John D. Webb's letter titled "Cats, Too," I'm inclined to think that he exaggerated some. I can't quite picture a pack of "mutts" running loose all over an entire section "snapping at folks and ruining clothes, etc.

I wonder if he has ever stopped to think how many people have been saved through the bravery and courage of noble and heroic dogs, also has he thought of the important part that dogs played in the victory of this past war. A person couldn't have a better friend or protector than a dog. I know because as a small baby and child I was watched over by a faithful collie. Don't you think that dog pounds are enough?

Rockmart Victor, 19-7, In Gainesville Playoff

By RUSSELL MUSGRAVE

ROCKMART, Dec. 6—Undefeated Rockmart swept Gainesville off its feet during a torrid first half and then matched the Red Elephants the rest of the way here tonight to triumph, 19-7, and nail down its 10th consecutive victory, the NGFA title and a shot at the State Class B championship.

The Rocks, first team in school history to remain undefeated and to win a conference crown, grabbed two touchdowns in the second quarter and added a third in the final period, just before Gainesville scored in the closing minutes.

Approximately 4,500 spectators saw the playoff for the title. Gainesville, although loser of three games during the season, had won three NGFA victories without loss.

Left Halfback Harvey Hooper stole the thunder from his highly touted rival, All-NGIC Fullback Bobby Aaron, sparking the Rocks to all three scores. Meanwhile, one-armed Billy Shelley, 140-pound Rockmart guard, led a line that in the first half denied Gainesville a first down and gave the visitors a minus 14 yards gained. Shelley, recovering two fumbles, intercepting a pass and breaking up the Gainesville attack, was the best lineman on the field.

Rockmart went 39 yards for its first tally. W. L. Fowler raced 23 yards and then collaborated with Hooper to carry to the one-half foot line. Gene McCrae plunged over to score. Getting the ball on Gainesville's 25 a few minutes later, Hooper passed to Hoover Sorrells on the 15. From there Bob Culver skirted left end to score and then booted the placement to give Rockmart a 13-0 halftime lead.

Gainesville marched 65 yards to Rockmart's 15 in the third period, but Shelley killed the threat by knifing in to throw Jack Pruitt for a 10-yard loss. In the fourth Rockmart went 69 yards to score, the big gain being Hooper's pass to Culver for 48 yards. Culver whipped over from the eight.

The Elephants journeyed 70 yards for their lone touchdown with four minutes left to play. Bob Cooper intercepted Mitchell Davitte's pass. Payoff was Max McKay's 30-yard pass to Jack Roberts on the 10.

Major, Minor Loops Okay New Five-Year Agreement

LOS ANGELES, Dec. 6—(AP)—Balked in efforts to form practically an iron ring around their territories through amended baseball legislation, the minor leagues accepted small concessions tonight and voted to renew their working agreement with the majors for a five-year period.

The final day of the annual meeting of the National Association of Professional Leagues saw the minor loop presidents agreed to a pact that will be in operation until Jan. 12, 1952. Major-minor league rules also were favorably acted upon by the National Association.

Acceptance by the National and American Leagues, which suggested various revisions in the rules under which they operate with the minors, was a foregone conclusion.

Efforts of the Triple A Pacific Coast League to put over an amendment to the governing territorial rights of the minors

LOS ANGELES, Dec. 6—(INS)—The Pacific Coast League tonight formally petitioned the National and American Leagues for immediate major league rating.

The big leaguers will consider the demand tomorrow at the final session of the annual major-minor winter meeting.

The majors are expected to reject the bid.

failed. The Coast League asked insertion of a clause to the effect that a major league club can not invade a minor league city until the league and club invaded "shall agree and consent thereto."

Baseball parliamentarians said this would have erected an almost unsurmountable barrier against the majors, inasmuch as the affected minor league, unless completely dominated through major ownership or control, undoubtedly would vote against such measures.

As a partial concession, however, the majors agreed to set a time limit if an invasion of minor league territory is projected within the next five years.

They appended a stipulation to the amendment described as "protection of National Association territory" which agreed that after a major league club had served notice of invasion, unless the contemplated invasion was "complied with" within a period of 30 days, the territory could not be invaded again.

An arbitration board would fix "just and reasonable compensation" for the act, both the invaded club and the league benefiting.

In the matter of bonuses to be paid to free agents, the majors agreed to the request of the minors in reducing from $7,500 to $6,000 the amount a major league club could pay as an extra reward for signing a contract.

The bonus scale agreed upon also will permit payment of $4,000 by an AAA club, $3,000 for AA classification, $2,500 for A-1, $2,000 for A, $1,500 for B, $1,200 for C, and $800 for D and E clubs. If a player is paid more than the stipulated bonus, he must be retained on the roster of the club. If he is farmed out, he becomes subject to the draft.

Judge William G. Bramham, who has been voted retirement pay of $10,000 annually, presided over the session and his successor, President-elect George Trautman, of Columbus, Ohio, assisted in the final phases. Trautman, unanimously voted to the $25,000 yearly position yesterday, served as liaison man between the majors and the National Association, the duties of which he will take over by mid-January next.

day-old coal strike, he said the nation is threatened with "irreparable injury" if the mines remain out of production much longer.

Meanwhile, the White House was sitting tight on its no-compromise-with-Lewis policy, and the scattered peace feelers emanating from Green and other labor sources appeared to have done little more than stiffen the administration's attitude.

"There will be no turning back," a cabinet officer told reporters as he left the White House after an hour-long conference between President Truman and his cabinet.

The President talked over with his aides the radio address he will make to the nation at 9:30 p. m. Sunday, a fighting message in which he is expected to lay the issues squarely before the people and call upon the miners to break with Lewis and end their 15-day strike.

Likewise, there was no reaction from the President on a report by Sen. Capehart, Republican, Indiana, that Lewis had offered a settlement proposal, only to be rebuffed by Government attorneys.

Cairo Swamps Tifton, 40-0, for SGFA Crown

By BERT PRATHER,
Constitution Sports Writer.

MOULTRIE, Dec. 6—Cairo's Syrupmakers, turning on the team that handed them their single defeat during the regular season, buried Tifton beneath an avalanche of six touchdowns, 40-0, here tonight to win the SGFA championship and earn a crack at undefeated Rockmart for the State "B" title.

An overflow crowd of 5,800 watched Jeff West's eleven gather momentum after a slow start to completely dominate the game, scoring two touchdowns in every period but the scoreless first. A passing combination of Louis Carr and End Bob Lashley clicked for three of them.

The victory gave Cairo its first championship in the 11-year-old history of the SGFA. The Syrupmakers will meet Rockmart either in Gainesville or Albany, a committee meeting in Macon tomorrow making the choice, for the State championship.

Lashley, on the receiving end of three touchdown passes, led scorers, followed by Roy Robertson, who plunged over for two. L. C. Collins skirted end for the other. Bill Mixon, leading scorer in the State, was Tifton's outstanding player and constituted the Blue Devil's only offensive threat, but the Cairo line, stiffened by All-SGFA Tackle Tom Green, hurled back their attack.

The Aussies' victory over Mulloy and Talbert, coupled with their triumph over Jack Kramer and Ted Schroeder, America's other prospective doubles team, earlier this week, made Australia a strong favorite to take the impending Davis Cup challenge-round doubles match.

On Wednesday, Bromwich and Long turned back Kramer and Schroeder, 6-4, 6-3, 4-6, 6-3.

Some Views on Baseball By the Dodgers' Rickey

LOS ANGELES, Dec. 6—(AP)—Branch Rickey, of the Brooklyn Dodgers, solemnly surveyed the baseball scene and came up with these observations today:

The Brooklyn Dodgers will offer anyone the pick of their first basemen, in return for the right outfielder.

Cash is now the easiest in the big leagues in the memory of man.

Jackie Robinson, the flashy Negro second baseman, will go South for Spring training with Montreal and might come North with Brooklyn.

Leo Durocher, the ebullient Brooklyn manager, has been seen by Rickey but once during the Winter baseball meetings.

There is no reason for apprehension that gambling might corrupt the Brooklyn organization.

Brooklyn is considering selling, at regular prices, every seat on a reserved basis for pressure games.

That is how matters look to the philosophic owner of the Dodgers. To start with, he'd like to do some trading.

Boys High Beats Stingarees, 18-0

By CHARLIE ROBERTS
Constitution Staff Writer.

ORANGE BOWL STADIUM, MIAMI, Dec. 6—Boys High's grid machine sputtered and spewed through almost three quarters here tonight and then went roaring down the home stretch as if jet propelled to humble Miami High, 18 to 0, and give Coach R. L. (Shorty) Doyal his 200th victory in 22 years of tutoring the Purple Hurricanes.

A crowd of 22,514 sat in the stands as the two elevens found the early going tough on the soaked and slippery turf which turned red the faces of every Tom, Dick and Harry in the Miami Chamber of Commerce.

It was unheralded Jimmy Thompson, Herbie Weaver and Glenn Lautzenheiser who finally found the key that unlocked the Miami defensive setup, and they threw the doors wide open in the closing stages of the fray. Thompson's running sparked the first drive of 36 yards to pay dirt.

Bill Bradshaw, Boys High's All-State senior center who tips the scales at 190 pounds, was named permanent captain of the 1946 Boys High football team in Miami tonight immediately preceding the final game of the season. The club's 18-0 victory was their seventh against four losses for the year.

Quarterback Weaver, whose passing was what really opened up the Miami defense, set sail for 68 yards to tally the second one, and Lautzenheiser ripped 36 yards on two consecutive runs to mark up the final tally.

Guard Johnny Chambliss, who intercepted two passes at crucial times, Center Bill Bradshaw, Guard Earl Allen and End Bill Johnson were particularly devasting on defense. Bobby Jo Anglin was not far behind. Johnson turned in perhaps his best game of the season.

The victory closed a brilliant chapter in the life of Shorty Doyal, who next year is ticketed to coach the Marist Cadets after 22 years at Boys High. The Miami Kiwanis Club honored him today at a special luncheon and presented him with a beautiful 17-jewel watch.

The magnificent half-time Christmas pagent, a show worth traveling miles to see, gave the fans an added trill.

Both teams threatened once in the first quarter which was scoreless.

In the middle stages Miami moved along the ground from their own 41-yard line to Boys High 31 with Wilson, oKesy and Kirkland picking up yardage mostly on reverse runs. Boys High stiffened and took over at the purples' 31 after Koesy was wild with two aerial shots.

Weaver immediately whipped a nine-yard aerial to Whitt and two plays later hit Johnson with one good for 17 yards to the Miami 39. Davis got seven on a reverse before Weaver's pass was intercepted by Koesy at the Miami five where Johnson hauled him down just before the quarter ended.

Boys High held the ball during most of the second quarter, but never made a serious threat. Once James Thompson skipped around right end for 31 yards to the Miami 38. Weaver passed long but Wilson knocked it down at the goal line, and one play later Thompson's aerial was intercepted by Bulbin who returned six yards to the Miami 31 to halt the surge. Neither Miami or Boys High could make any headway and the half ended, 0 to 0.

OUT-OF-BOUNDS PUNT

After an out-of-bounds punt to the Boy High 49 early in the third period, the Purples came to life and marched to the Miami 14 on Davis' 13-yard run, Thompson's 12-yard-off-tackle skip and Weaver's 11-yard pass to Davis. Four passes failed, however, and Miami took over there.

Four plays later Johnny Chambless intercepted a toss by Natolis and returned 13 yards to the Stingarees' 37. Thompson ripped tackle for eight, and on fourth down, with two to go, Davis reversed to the Miami 24. After two passes failed to hit their marks, Thompson cracked tackle for seven. It was fourth and three to go when Thompson reeled around right end and went 18 yards to pay dirt. Weaver's extra point try was wide and Boys High led, 6 to 0.

Miami came surging back, but on a fourth-down punt Koesy fumbled and Johnson smashed him down as he recovered on the Miami 41 just as the fourth period got under way. That was the last time the Stings came close to a threat.

LATE IN FOURTH

Boys High took over on a punt late in the fourth quarter, and like a bolt of lightning from a clear sky Herb Weaver, who seldom runs with the ball, beat his way through right tackle, picked up his blockers smartly and threaded the north sideline 68 yards for another touchdown. There were four minutes left as Marshall Akers missed the extra point, and Boys High was home free at 12-0

It was only a few plays later that Chambless again intercepted a pass by Koesy and ran it 11 yards to the Miami 36. After Bond lost a yard, Lautzenhiser rammed guard for 21 and then went 17 more over the same spot to score the third tally. Weaver's boot missed, but there were only two minutes left and Boys High came through, 18-0.

PASSENGER SERVICE REDUCED

FREIGHT SERVICE CURTAILED

The Office of Defense Transportation, an Agency of the Government, has ordered the railroads to cut their steam-operated passenger service in half on Monday, December 9. The Interstate Commerce Commission, through Service Order No. 649, effective December 6, has restricted the movement of freight and express to such necessitous items as food, fuel, medicine, live stock, newsprint paper, and the like.

The reason for this action is the vital necessity for saving coal, due to the strike of coal miners.

The entire system of the Central of Georgia is affected by these requirements. In revising its service, the management has sought to make the reduction and discontinuances of passenger trains in such a way as to cause as little inconvenience as possible to the traveling and shipping public. Effective November 24, Train No. 12 leaving Atlanta 4:00 P. M. for Macon, and Train No. 11 arriving Atlanta 11:30 A. M. from Macon were discontinued.

Effective November 24, Train No. 18 leaving Atlanta 6:00 P. M. for Columbus and Train No. 17 arriving Atlanta 1:05 P. M. from Columbus were discontinued.

Effective December 9 The Flamingo and The Dixie Limited between Atlanta, Macon, Albany, and Jacksonville, now operating in two sections, will be consolidated into one section on the present schedule.

Information as to details may be obtained from our representatives.

Two Aces Carded in Miami Open; Sam Snead Leads With 131 Total

MIAMI, Fla., Dec. 6—(AP)—Two holes-in-one highlighted the second round of the $10,000 Miami Open Golf Tournament today as Sammy Snead, of Hot Springs, Va., blasted out a four-under-par 66 to lead at the halfway point with a 131 total.

Jack Burke, Jr., of Houston, scored the second ace of the day with a seven iron on the 125-yard sixteenth hole. His 36-hole score was 142, well below the leader.

Earlier Ernie Tardiff, of Los Angeles, an unattached pro, collected an ace at the 150-yard fourth hole. He also used a seven iron.

They became the second and third players to score holes in one in the 23-year history of the Miami Open tournament.

Snead found his toughest iron—the putter—working to perfection as he went out in 32, sinking a 10-footer on the first, an eight-footer on the sixth, and a 10-footer on the ninth for birdies.

On the back nine, he was over par on two holes, but with three birdies ended up with a 34.

Jimmy Demaret, of Houston, Texas, was the closest behind Snead as he fired a 65 for a 36-hole total of 133, having chalked up a 68 in the initial round.

Demaret had five birdies, an eagle and was over par twice in his second round. His eagle came on the 460-yard thirteenth when he drove to the green in two, and sank a 15-foot putt. On the 440-yard seventeenth he dropped a sensational chip shot from 40 feet out.

A pair of 65 rounds were carded as the 122 participants virtually burned up the 6,310-yard Miami Springs golf course. Freddy Haas, Jr., of New Orleans, had a five-under-par round for a 135 total, and Tony Penna, Cincinnati, stroked a 65 for a 137 total.

Tied with Haas at 135 was George Fazio, of Los Angeles, who added a 66 to his 69 score of yesterday.

MIAMI, Fla., Dec. 6—(UP) The new PGA Tournament Golfers Committee, headed by Ben Hogan, took on its first case for disciplinary action today.

The Miami Open Tournament Committee complained to Hogan that Ky Laffoon, Orlando, Fla., deliberately cut a divot in the sixth green today after missing a putt.

West Fulton Gridmen Are Honored at Banquet

By HARLEY BOWERS

Bill Hartman, University of Georgia backfield coach, was the featured speaker last night at a banquet given in honor of the West Fulton football team, their parents and visiting alumni. Approximately 175 attended.

After speeches by Hartman, Vic Hansard, head grid coach, Principal E. P. McIlwain and Assistant Coach Arnold Holmes, letters were awarded by Hansard to 27 boys, 15 being seniors. The seniors also were given sweaters.

The football team, which lost only to Decatur, 14-13, and Russell, 26-0, while winning eight, presented Coach Hansard with an automatic shotgun.

Following the presentation of letters and the introduction of cheerleaders and managers, color pictures of Georgia's 41-0 victory over Auburn were shown by Hartman.

Seniors presented letters and sweaters were Center Lamar Mills; Guards Sandy Lewis, Mather Monroe, Sam Peyton, and Aubrey Neely; Ends Hoyt West, Jimmy McCain, Ralph Bartlett, and Bill Brown; Quarterbacks Bill Crawford and Everette Loudermilk and Halfbacks Harold Richardson, Earl Smith, Bob Hunnicutt, and Dan Jordan.

Other lettermen included Center Harry Treadaway; Guard Jim Wallace; Tackles James Jenkins, Durant Reese, Wilson Scogins, and James Walker; End Jim Hunnicutt; Halfbacks Jack Gilmer, Donald Wigby and Sonny Conn and Fullbacks Hubert Hitchcock and Pat Rabun. Managers awarded letters were Tommy Frazier and Tommy Hartsfield.

Stock Sales

NEW YORK, Dec. 6—(AP)—Selected stocks moved upward in today's market, reflecting further feeble hopes of a coal truce, but many leaders failed to make the grade.

Steels and utilities led a fairly active revival after a stumble at the opening. Dealings then slowed. While plus marks running to 2 points were well distributed at the close, top advances slipped in most cases and assorted losers dotted the ticker tape. Transfers of 1,060,000 shares compared with 1,000,000 the day before.

Buying generally was attributed to the belief of some Wall Streeters that a break in the labor situation could stimulate a sharp market rally. Dividends were helpful although there were exceptions here. Numerous customers trimmed accounts and stood aside to await developments in the fuel dispute which is threatening virtually all lines of industry.

Selected demands for rail obligations developed in the bond market today. Frisco issues jumped out of the general price pattern with gains ranging up to around 3 points. Changes elsewhere were mostly fractional.

Among curb advancers were Babcock & Wilcox, Hammermill Paper, Standard Power, American Metal Products and Middle West Corporation. U. S. Foil "B" yielded 2¾ points when no dividend action was taken on the common.

Robbers Loot Dahlbender's Car

Gene Dahlbender, Jr., Atlanta amateur golf star, and two friends from Binghamton, N. Y., suffered the loss of approximately $1,000 worth of clothing Thursday night when Dahlbender's 1946 Plymouth was robbed outside the Clermont Hotel.

The visitors were Paul Kerns and Pete Krenitsky. Police are seeking fingerprints on the car in an effort to tie the robbery up with a similar one in the same vicinity last month.

A suitcase belonging to Albert L. Meyer, Cincinnati jewelry salesman, was reported to have been rifled in a local hotel, police said. Meyer estimated the rings missing at $1,200 in value.

March of Dime Chairmen Meet at Warm Springs

By KATHERINE BARNWELL,
Constitution Staff Writer.

WARM SPRINGS, Dec. 6.—Ivan Allen, Sr., of Atlanta, was named Chairman of the Franklin D. Roosevelt Warm Springs Memorial Commission here Friday, as the projected development of the Little White House shrine was given an immediate go-ahead signal by the Commission.

Allen replaced Baxter Maddox, who resigned the Commission chairmanship because he "did not have sufficient time to devote to the position." Maddox will remain a member of the Commission, however.

Basil O'Connor, Honorary Chairman of the Memorial Commission and President of the National Foundation for Infantile Paralysis, participated in a discussion of plans for the Roosevelt shrine and also addressed some 75 district chairmen and county directors who will lead Georgia's March of Dimes drive in January.

ARCHITECT'S AIM

A. D. Taylor, of Cleveland, Ohio, landscape architect who has been engaged to draw up plans for the Roosevelt memorial, said he feels the memorial should be developed in a "simple and direct" manner, keeping everything as nearly as possible as it was when Roosevelt died.

Maddox and O'Connor said engineers will begin their work at once, and expressed hope that the shrine will be opened to visitors in six months. The shrine will attract hundreds of thousands of visitors, Maddox predicted.

DIRECTORS BRIEFED

District and county March of Dimes directors attending the pre-campaign meeting here were briefed on the work of the Georgia Chapter, National Foundation for Infantile Paralysis. They were addressed by Fred Botts, Registrar of the Warm Springs Foundation; Dr. Robert L. Bennett, Director of Physical Medicine, and Dr. Edwin Irwin, Chief Surgeon.

Although there is never a goal in the polio drive, Jesse Draper, State Chairman of the 1947 March of Dimes, said he hoped Georgia would raise more than the $335,000 obtained last year because the "need is greater now than ever."

Court Awards $1,500 Damages

The Court of Appeals yesterday upheld a $1,500 damage verdict awarded James T. Johnson, of 395 Cameron St., S. E., in his suit against Fulton County Sheriff A. B. Foster's bondsmen, charging false imprisonment.

Johnson sued for $5,000 on two counts, false imprisonment and malicious arrest, charging he was arrested and jailed without a warrant and without cause. However, the trial court awarded damages of $750 on each count.

Deputy sheriffs said Mrs. Johnson had complained of her husband's conduct.
